

Designer

Web Page

The web page should be designed as if you work for the press conference speaker's organization. It can highlight important topics, products or services presented by the speaker and should reflect appropriate and relevant web content related to the speaker's press conference statements and their organization's goals.

The web page should be created using WordPress.com. Be sure to utilize the files and information provided in the folder and in the press packet. All files do not have to be used.

The web page must be created in 90 minutes. The use of templates on the site is acceptable.

Work with the photos that are provided. Use of the Internet, aside from wordpress.com, will not be allowed in any capacity.

Student will need to come prepared with a Wordpress account. They will sign into their account where they will create a new site. Once finished, the url will be given to the judge to be graded on another computer.

Save your work often!!

To Submit:

Save the webpage, make sure and publish the site and share the url to the provided email. Make sure your name and chapter are included in the email you send. Email the link to tprice1@neisd.net before March 17, 2019. If competing in both the James Madison and O'Connor contest, please send separate emails for each contest.
